[REDACTED] telephoned to say that the Photographic Intelligence Center wanted to go ahead with the requisition for a Harris press so that they could do their own reproduction. I told him that I was opposed to this in principle but would appoint someone to look into it right away. (I telephoned [REDACTED] and told her to evaluate the pros and cons immediately and then report to me.) Later in the day [REDACTED] called and said that they would like to withdraw this requisition during Fiscal Year 1960. [REDACTED] is to go ahead with the study and we will make a determination later.)

2. I talked to Bob Amory about the Videograph Project and he agreed to submit it to the Project Review Committee on Thursday afternoon. He is also going to submit his latest proposal on machine translation at that time.
